3 HAIR BENEFITS

PHASE 1: REBUILD

Collagen, keratin and hair proteins are replaced, while existing levels are boosted for stronger hair.

HydroNutrient Complex deposits vitamins and amino acids to renew moisture balance.

PHASE 3: RESEAL

Cuticle layers are repaired and resealed for free radical and humidity resistance with mirror-like shine.

ORCHID OIL®

One Unique Oil, Serious Hair Science!

REDAVID Orchid Oil® is delicately harvested from the stems and flowers of the Cymbidium Orchid for its unique benefits for curly and damaged hair: from restoring and maintaining essential moisture to renewing every strand ravaged by chemical and thermal damage. Best of all, the incredibly lightweight property of the oil doesn't weigh hair down!

AN 8-IN-1 WONDER INGREDIENT

- Controls frizz
- Makes hair soft and manageable
- Helps make hair stronger
- Restores moisture to normal levels
- Detangles
- Faster blow outs
- Adds radiant shine
- Heat protection

4 THINGS TO LOVE ABOUT ORCHID OIL®:

MIRROR-LIKE SHINE

In clinical trials Orchid Oil® was discovered to help fill in the cracks and imperfections in every hair strand, restoring natural hair smoothness and leaving it with a mirror-like shine.

A NATURAL MOISTURE BALANCER

In clinical trials Orchid Oil® was discovered to act as an external moisture balancer, going to work on hair that has become delicate from chemical, thermal and environmental stress.

FREE RADICAL SCAVENGER

Orchid Oil® contains Orchicyanin I, Orchicyanin II and Cyanin, all of which form Reactive Oxygen Species (ROS), scavenging up to four times more free radicals than Vitamin E and Vitamin C.

KEEP IT LIGHT & FRIZZ-FREE

Even in high humidity, Orchid Oil® does not allow an overabundance of moisture to weigh hair down or make it frizzy.

Natasha Peeman

"I LOVE these products! I have a full stock in my salon. My clients LOVE the Orchid Oil Line. Great product, great ingredients, beautiful packaging, amazing price point, awesome company to purchase from, and local to BC!! All great attributes"

Ryan-Miranda Kent

"My hair was dry and out of control. (...) was falling out and just in horrible shape. I got a sample of the Orchid Oil Treatment and it has done wonders. Love that I only have to use a tiny bit and it makes my hair silky soft takes the frizz out and it feels so healthy. (...) This is the first product I can (...) put on and leave it alone and it wont turn it into a huge frizz ball."

Vanessa Vendrasco-Aere

"I recently tried the Orchid Oil as a sample mostly just for fun. I didn't expect any major results honestly (...) This product is a life changer though, I've only used it once and my frizzy mess of red hair is WAY smoother and shiner and softer already (...). I honestly cannot rave enough about how much this product tamed my frizzy, fine hair. (...) You'll fall in love, I promise."

Chantelle Paquette

"IN LOVE with the Orchid Oil line, would highly recommend REDAVID products to anyone!
Thank you for helping my hair find its new best friend."

WHAT PEOPLE ARE SAYING ABOUT REDAVID®:

Denali Gaetz

"This product is absolutely amazing after only two uses of the [Dual Therapy] my hair is so much softer and the shiniest I have notice in years! I am absolutely in love!"

Andrea Koji

"I have naturally wavy/curly hair that is on the frizzy side. I always have had to style, defuse or blow dry my hair to achieve the look I want. I just tried the Shea Butter Shampoo and Conditioner with a touch of Orchid Oil afterwards and did not style afterwards... my hair is softer than I have ever felt it and it looks amazing with my natural waves. I let it air dry and it looks beautiful... that has never happened before. I am blown away. I'm so happy my stylist/ colorist introduced me to this line."
