AWARD WINNING HAIRCARE, CREATED BEHIND THE CHAIR

We believe that the art of hairdressing is a heritage.

Ours began over a decade ago, when my Dad, Leonardo Redavid, took a lifetime of knowledge working behind the chair and distilled it into a bottle. Skincare grade formulations, natural ingredients and clinically backed hair science. Beyond that, he shaped our company, brand and even our education by three things: Family, Love and Hair.

Treat customers like **Family**.
Formulate with **Love**.
Treat **Hair** with respect.

Real results after one treatment.

More than just ANOTHER blue or purple tinted shampoo.

These three products redefine what a client can do at home. These can be used every day, plus they can be used to customize how much of that warmth they want to neutralize on any given day.

A new way to tone hair, chemical free

Clients start with 1 pump of each of the Blonde Dual Therapy to start after using the Blonde Therapy Shampoo and Condition and they go from there.

No color correction, no damage.

Since this is a rinse out system, it can't harm the highlights and blonde work done in the salon. This really gives clients at home new ways to express how cool of a blonde they want to be in between services.

WHAT PEOPLE ARE SAYING ABOUT REDAVID®:

Natasha Peeman

"I LOVE these products! I have a full stock in my salon. My clients LOVE the Orchid Oil Line. Great product, great ingredients, beautiful packaging, amazing price point, awesome company to purchase from, and local to BC!! All great attributes"

Ryan-Miranda Kent

"My hair was dry and out of control. (...) was falling out and just in horrible shape. I got a sample of the Orchid Oil Treatment and it has done wonders. Love that I only have to use a tiny bit and it makes my hair silky soft takes the frizz out and it feels so healthy. (...) This is the first product I can (...) put on and leave it alone and it won't turn it into a huge frizz ball."

Vanessa Vendrasco-Aere

"I recently tried the Orchid Oil as a sample mostly just for fun. I didn't expect any major results honestly (...) This product is a life changer though, I've only used it once and my frizzy mess of red hair is WAY smoother and shinier and softer already (...). I honestly cannot rave enough about how much this product tamed my frizzy, fine hair. (...) You'll fall in love, I promise."

Chantelle Paquette

"IN LOVE with the Orchid Oil line, would highly recommend REDAVID products to anyone !

Thank you for helping my hair find its new best friend."

Denali Gaetz

"This product is absolutely amazing after only two uses of the [Dual Therapy] my hair is so much softer and the shiniest I have notice in years! I am absolutely in love!"

Andrea Koji

"I have naturally wavy/curly hair that is on the frizzy side. I always have had to style, defuse or blow dry my hair to achieve the look I want. I just tried the Shea Butter Shampoo and Conditioner with a touch of Orchid Oil afterwards and did not style afterwards... my hair is softer than I have ever felt it and it looks amazing with my natural waves. I let it air dry and it looks beautiful... that has never happened before. I am blown away. I'm so happy my stylist/ colorist introduced me to this line."
